

## Profile PC - 2m - MINI- for LED Strips

### Product code:

Reference: PF4320

### Technical specifications:

REFERENCE: PF4320  
Construction Material: PC  
Certifications: CE  
Dimensions (mm): L2000\*13\*12.8mm  
Warranty Years: 2

### Product short description:

Polycarbonate profile - MINI - that allows fixing the low power LED Strips, (up to 15w / m strips) thus achieving a solid installation in a simple way.

With this profile it is possible to create decoration applications such as light lines in any type of material, marking of steps, lighting of posters, kitchen cupboards, aesthetic solutions in bathrooms, railings, etc.

It is recommended to fix the profile with double-sided adhesive tape.

### Product description:

Our Profiles for LED strips is a versatile and timeless range, it can be the protagonist in the interior design of a space or adapt to it.

With our profile you will be able to provide a great variety of visual sensations that will define the space from a new perspective.

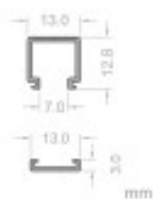

Our 2-meter-long profile - MINI - turns into beautiful traces of light that shape the space.

Our profile - MINI - allows us a simple and elegant installation of our LED strips. They can be installed in all types of installations with indoor LED strips, specially designed to protect and hide the LED strips, allowing for professional, clean and stylish installations.

With our draw profile you draw homogeneous lines of light that adapt to a wide variety of spaces with minimal visual impact, solving both the general lighting needs and the bathing of vertical planes.

At FactorLED we ensure that our products have a QUALITY guarantee and offer all the necessary elements for DISTRIBUTION, IMPORT or WHOLESALE, including the technical sheet of each LED product.
