### Product description:

Round adjustable ring for GU10 MR16 round LED light bulb - Aluminium

Recessed ring for LED dichroics, both MR16 and GU10, is designed to obtain an attractive and refined decoration, thanks to its adjustable shape you can create very exclusive atmospheres.

All its material is made of aluminium with finishes in white, black and satin nickel, which makes this ring a very resistant product so it has a great durability, making it a stainless steel ring.

It is ideal for home spaces such as kitchens, bathrooms, porches and also in offices, hypermarkets, or any event area where you need to recreate select environments.

In FactorLED we ensure that our products have QUALITY guarantee and offer all the necessary elements for DISTRIBUTION, IMPORT or WHOLESALE, including the technical data sheet of each LED product.
