

Column Street Lighting URBAN - Galvanized - 3 meters - 4 meters - 60mm tip

Product code:

Reference: 2121GV

Technical specifications:

REFERENCE: 2121GV
Construction Material: Galvanized Steel
Certifications: CE
Dimensions (mm): 3M.-4M.
Other Information: Steel tube: 3mm (Ø89mm x3mm)

Product short description:

Immediate service: Column or staff for **URBAN** lamppost - Galvanized - for public lighting, residential areas, roads, urbanizations. Made of Ø89mm steel tube, with a 3mm thick diameter. 60mm diameter pointed end to attach luminaires. The quality of the zinc used is in accordance with the **UNE-EN 1179** standard. Galvanizing complies with UNE-EN ISO 1461. Average thickness of the galvanized coating 79 (µm). Easy transport and assembly as it can be assembled in 2 pieces, which makes installation by one person much easier. **UNE-EN ISO 14001:2015, and UNE-EN ISO 9001:2015.**

Product description:

Column Street Lighting URBAN - Galvanized - 3 meters - 4 meters

The **URBAN** Column is designed to be placed in any area of the city, it is elegant and modern, it is ideal to give a more modern touch to the environment.

Our walking stick is designed and certified for use on public streets and pathways.

EASY TRANSPORTATION AND ASSEMBLY: The lamp post column is designed in 2 sections for easy transportation. Assembly is very easy and can be done by one person.

Its height is 3-4 meters resistant to extreme temperature changes.

Its 60mm pointed end is perfect for attaching lanterns, registration door at the approved height, fuse box fastening plate.

For maximum resistance and durability in extreme environments, the quality of the zinc used is in accordance with the UNE-EN 1179 standard. Galvanizing complies with UNE-EN ISO 1461. Average thickness of the galvanized coating 79 (µm). The galvanizing application system is hot with immersion of the piece, with which the galvanizing of all the interior parts of the pieces is achieved.

It complies with the environmental requirements standard UNE-EN ISO 14001:2015, and the quality standard UNE-EN ISO 9001:2015.

The column does not include the fixing bolts to the ground.

Uses of the Column Street Lighting URBAN - Galvanized - 3 meters - 4 meters:

- Public lighting
- Streets
- Plazas
- Residences
- Parks
- Urbanizations
- Roads

At FactorLED we are committed to ensuring that our products are of **QUALITY** and offer the necessary elements for **DISTRIBUTION, IMPORT or WHOLESale**, including the technical sheet of each LED product.
