In addition, it is dimmer compatible, allowing you to adjust the intensity of the light to create a cosier and more relaxing atmosphere.

The bulb is **dimmable** by **TRIAC**

### Product description:

Modern Metal Black LED Bulb 4W E27 G125 - Dimmable

The design of this 4W E27 G125 black metal bulb is an excellent option for those looking for an efficient alternative in terms of energy to decorate your business or home.

The bulb has a modern and elegant design, with a black metal housing that fits perfectly with any interior decoration. In addition, it is compatible with the intensity regulator -TRIAC-, which allows you to adjust the intensity of the light to create a more welcoming and relaxing environment.

With dimmable bulbs you can have advantages:

1. Greater lighting control: By being able to adjust the intensity of the light, you can create the desired atmosphere for different situations or activities, such as a romantic dinner, a meeting with friends, reading a book, among others.
2. Energy saving: By reducing the intensity of the light, the energy consumption of the bulb is reduced, which translates into a lower energy bill.
3. Longer bulb life: Dimming light reduces heat stress on the bulb, which can extend bulb life.
4. Greater comfort: By not having to adjust the lighting using on and off switches, you can have greater comfort when controlling the light emitted.
5. Customization: With dimmable bulbs, different atmospheres and moods can be customized, which can enhance the experience for people living at home or working in the office.

The use it can have is multiple, from a light bulb as its main use, to as a home lamp to give a special and authentically nostalgic combination. Only our online store offers you a 3-year guarantee for this product.

Uses of the LED Bulb Modern Metal Black 4W E27 G125 - Dimmable

- Decorative lighting
- Pendant lamps
- Industrial wall lights
- Desk or night lamps
