

Table lamp with LED battery 5W - Dimmable - Adjustable - Date - Temperature - CCT

Product code:

Reference: 72607

Technical specifications:

REFERENCE: 72604
Rated Power : 5w
Nominal Voltage: 5V
Colour: SELECTABLE COLOUR: 3000K-4000K-6000K
CRI - Chromatic Rendiment Index: 80
Construction Material: ABS + PC
Luminosity-Lm: 450
Number & Type of LEDs: SMD 2835
Beam Angle (°): 120°
Luminous diodo LED (Lm/W): 100 Lm/W
Luminous Efficiency (Lm/W): 90 Lm/W
Dimmable: YES
Certifications: CE - ROHS
IP : IP20
Diode Life Expectancy (H): 35.000
Dimensions (mm): 12,5 * 9,4 * 28,3 cm
Temperature Range (°C): -20°C ~ +55°C
Starting Time (s): 0,2s
Other Information: Conector USB micro (estándar smartphone)
Material of the Battery: LifePO4 -7,4VDC 1200mAH
Energy Rating (2021-UE-2019/2015): A+
Warranty Years: 3
Style : Modern
Main colour: White
Finishing: Matte

Product short description:

Our rechargeable table lamp has a power of 5W, a lithium battery, and a selectable color temperature (CCT). Additionally, it is dimmable, features a digital clock with a temperature indicator, is adjustable, and foldable for easy transportation. It is a practical lamp with a modern and elegant design that allows you to adjust the lighting to your needs.

Product description:

Table lamp with adjustable and adjustable 3W LED battery - 4000K

The LED table lamp is a modern and high-quality product that offers a wide variety of features and functions. With a power consumption of only 9W, this lamp provides powerful, bright, and efficient light, making it ideal for a wide range of uses. Its elegant and minimalist design in white makes it a perfect fit for any type of decor.

The lamp has a **selection of CCT color temperature**, which means you can adjust the light to suit your lighting needs and preferences. Whether you need bright white light for work, neutral light, or soft warm light for nighttime reading, this lamp has got you covered.

The **2500mAh lithium-ion battery** built into this lamp is **rechargeable via USB**, which means you can take it with you anywhere and never be without light. With a full charge, the lamp can last up to 5 hours in maximum light mode.

A unique feature of this lamp is its **ability to fold and orient** itself to suit your needs. The lamp head is fully adjustable, allowing you to direct the light in any direction you need. Plus, its foldable and compact design allows you to easily take it with you and store it.

The **touch on/off and dimmable sensor** is another standout feature of this lamp. With just a touch on the lamp's interface, you can turn it on or off and adjust the brightness level to your liking. Whether you need bright light for work or soft light to relax, this lamp gives you total control.

Table lamp with adjustable and adjustable 3W LED battery - 4000K

- **Lighting for Study or Work:** The lamp is perfect for those who need adequate lighting for working at a desk or table. Its ability to be adjustable, foldable, and adjustable in intensity makes it ideal for a variety of tasks.
- **Reading Lighting:** The adjustable intensity and tonality of the lamp are excellent for those who need adequate lighting for reading in bed or on a couch.
- **Home Decoration:** The lamp is an elegant decorative object that can illuminate any space in your home and provide a warm and welcoming atmosphere. In addition, its minimalist and modern design adapts to any type of decoration.
- **Travel Lighting:** The lamp is portable and rechargeable by USB, making it ideal for those who need light while traveling or when moving from one place to another.
- **Outdoor Lighting:** The lamp is ideal for use outdoors, such as on a terrace, balcony, or garden. Its foldable and portable design allows you to take it with you and adjust it according to the needs of the moment.

In summary, the LED table lamp is a modern, efficient, and highly functional lighting piece that offers a variety of unique features. With its foldable design and rechargeable by USB, this

Technical Datasheet

Lamp is perfect for taking with you anywhere, while its ability to adjust the color temperature, orientation, and brightness level allows you to customize the lighting to suit your needs.
