1. Personalized Lighting at Your Fingertips

Have you ever found yourself with the dilemma that the hole is too big or too small to install your LED downlight? Stop worrying! With our MOSS ADJUSTABLE LED Downlight + Ceiling Fixture, we've solved that problem for good. Made of high quality Polycarbonate (PC), this marvel of technology is designed to fit your space perfectly.

Our ADJUSTABLE LED luminaire - MOSS - is the ultimate solution to all your installation problems. Its **sliding fixture system** allows you to adjust it precisely to the diameter of the existing hole in the ceiling, no matter if it is large or small. Hassle-free and stress-free installation!

2. Colors for Any Occasion

Versatility is key, and our product has it all. Thanks to its **Color Selectable CCT system**, you can choose between three different shades: **Cool White, Neutral White and Warm White**. Want a cozy ambiance in your living room? Opt for Warm White. Need bright, energetic light in your office? Choose Cool White. The choice is yours, and MOSS gives you the freedom to customize each space to your liking. The luminaire has a color temperature selector on the back.

3. Lumileds Chip

This ceiling lamp incorporates **Lumileds diodes** whose power, color quality, consistency, efficacy and longevity make it stand out from other types of diodes. The **SMD2835** chip is characterized by its CCT architecture and high CRI performance so that the light emitted is of high brightness and superior quality.

4. Unlimited Adaptability

Made of high quality Polycarbonate (PC), this technological marvel is designed to fit perfectly into your space. And with a color rendering index (CRI) of over 80, you'll enjoy more vibrant, true-to-life colors.
