Product code:

Reference: 91809

Technical specifications:

REFERENCE:

Construction Material: Steel +PC

Certifications: CE

Dimensions (mm): 88*88mm

Product short description:

Fixed ring with a minimalist design that offers the possibility to install quickly and easily all our dichroics or any **GU10** product. Its **minimalist and avant-garde aesthetic** makes it an ideal choice to enhance elegance in spaces such as living rooms, bedrooms, bathrooms or offices.

This **white ring** not only fulfills exceptional functionality, but also adds a touch of sophistication to any environment in which it is installed.

COMPATIBLE ONLY WITH LED BULBS, OTHER TYPES OF TECHNOLOGY MAY CAUSE DAMAGE TO THE INSTALLATION

Product description:

Fixed aluminum **ring** with matte white finish, elegant. Its use is recommended for dichroic lamps **GU10** or **MR16**. It is perfect for a new construction or to change the bulbs.

This fixture is perfect for recessed ceiling installation for uniform illumination. One of the advantages of this round ring is that you can easily change the bulb when necessary, either because of the shade of light or because it has reached the end of its life.

They can be used in various indoor areas such as:

- Home
- Offices
- Restaurants
- Bakeries
- Hotels
