

Portable Solar LED Floodlight - 4W - Power Bank + Rechargeable USB

Product code:

Reference: CP-CW-91796

Technical specifications:

REFERENCE: CP-CW-91796
Rated Power : 4W
Nominal Voltage:
Colour: 6000K
CRI - Chromatic Rendiment Index: 75
Construction Material:
Luminosity-Lm: 300Lm
Beam Angle (°): 120°
Certifications: CE - ROHS
IP :
Diode Life Expectancy (H): 40.000
Dimensions (mm):
Frequency (Hz): 50/60Hz
Temperature Range (°C): -20°C ~ +55°C
On/Off Cycles: 100.000
Starting Time (s): 0,2s
Other Information: Battery: 3.7V - 3600mA
Energy Rating (2021-UE-2019/2015): A
Energy Rating (2023 - UE-2019/2015): A

Product short description:

The **4W LED Portable Solar Spotlight** is a versatile and efficient solution to illuminate outdoor spaces in a practical way. Equipped with solar technology, this spotlight has an **integrated photovoltaic panel** that allows the battery to be recharged by solar energy, providing autonomy and sustainability.

It also has a **Power Bank function and rechargeable USB port**, making it a portable power source for electronic devices. With its compact and easy-to-carry design, this spotlight offers powerful and adjustable LED lighting, ideal for outdoor activities, camping or emergency situations.

Product description:

Portable Solar LED Projector - 4W - Power Bank + USB Rechargeable

Introducing the innovative **4W LED Portable Solar Spotlight**, a comprehensive solution that combines energy efficiency, versatility and practicality to illuminate your outdoor spaces in a smart way. This projector features a sophisticated design that integrates a high-efficiency photovoltaic panel, allowing you to take full advantage of solar energy to power its internal battery. This not only gives you sustainable performance, but also ensures lighting autonomy without relying on conventional power sources.

With a power of 4W, this LED floodlight offers powerful and efficient lighting, perfect for illuminating outdoor areas such as gardens, patios, terraces or pathways. Its portable and compact design makes it the ideal companion for outdoor activities, camping or any situation where you need a reliable light source.

What really sets this floodlight apart is its additional functionality. Equipped with a built-in **Power Bank function**, you can take advantage of its capacity to recharge electronic devices such as cell phones, tablets or other gadgets while enjoying outdoor lighting. In addition, it features a **rechargeable USB port**, giving you the flexibility to recharge the battery even in environments where direct sunlight may not be available.

Durability and ruggedness are key features of this projector, with a robust construction that makes it resistant to adverse weather conditions. Its waterproof design allows for use in the rain, ensuring reliable performance in a variety of weather conditions.

Lighting function:

- mode 1: Short press, first press front led on, second press bottom led on, third press led off.
- Mode 2: Long press, each mode can be dimmed by long press.

In short, the **4W LED Portable Solar Spotlight** is not only an efficient and eco-friendly lighting source, but also a versatile tool that adapts to your everyday needs. Whether you're enjoying a night outdoors, camping or dealing with an emergency, this spotlight provides the light you need, backed by the power of the sun and the convenience of portable technology. Elevate the illumination of your outdoor spaces with this cutting-edge product that combines functionality, efficiency and sustainability.

At FactorLED we ensure that our products are guaranteed **QUALITY** and offer all the necessary elements for **DISTRIBUTION, IMPORT or WHOLESale**, including the technical data sheet of each LED product.
