

RF Controller for Single Color LED / CCT 4 Zones

Product code:

Reference: 92057-FUT007

Technical specifications:

REFERENCE:
Nominal Voltage:
Colour: SELECTABLE COLOUR: 3000K-4000K-6000K
Certifications: CE - ROHS
IP : IP20
Dimensions (mm):
Control modes: REMOTE CONTROL
Warranty Years: 3
Range (m):

Product short description:

The "Mi-Light" remote control allows you to easily adjust the brightness and color temperature of your lights, from warm white to cool, across up to 4 different zones. Customize your lighting to your liking by creating combinations and groups based on your needs.

With fast communication speed and an advanced anti-interference system, you will enjoy smooth and uninterrupted control. Its 30-meter range ensures great coverage in large spaces.

Requires 2 AAA batteries (not included).

Product description:

RF Controller for Single Colour / CCT 4-Zone LED Dimmers

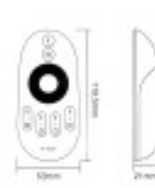

Discover the wireless remote control **Mi-Light - Mi Boxer**, your perfect companion for managing the lighting in your home or office. With its 2.4GHz RF receiver, this remote can transmit signals up to 30 meters, even through walls and ceilings, giving you total control no matter the location.

This device allows you to easily adjust both the **brightness** and **color temperature**, from a warm, cozy white to a cool, energizing white. Designed for intuitive use, it features dedicated on/off buttons and a central panel to customize the brightness and tone of the light to your liking.

Control up to **four different zones** with a single remote and create the combinations you need to tailor the lighting to each space. Keep in mind that for independent control of each zone, an additional controller is required.

Make smart lighting easy and efficient with the Mi-Light - Mi Boxer remote control!
