Dimensions (mm):  
Range (m):

### Product short description:

The remote control supports individual control of 4 zones, one remote control can work with unlimited receivers within 30m, can dim brightness and colour temperature and is compatible with 2.4G like controllers and lights. Easily create a portable and convenient lighting scene.

### Product description:

Remote Control CCT - 4 Zones **\*\*Innovation and Control in the Palm of Your Hand\*\***

The CCT Remote Control for 4 Zones is a revolutionary tool designed to give you maximum control over your space's lighting. This device is not just a remote control; it's the key to a perfectly lit environment that adapts to your needs and preferences at any time of day.

#### **\*\*Limitless Versatility\*\***

This remote control is equipped to manage up to 4 different lighting zones, allowing you to adjust the light individually in various areas of your home or workplace. Whether you want bright and energizing light in the kitchen, warm and relaxing lighting in the living room, or soft and subdued ambiance in the bedroom, the CCT Remote Control for 4 Zones makes it possible with just a press of a button.

#### **\*\*Color Temperature Control (CCT)\*\***

The CCT technology allows you to adjust the color temperature of your LED lights between warm tones (2700K) and cool tones (6500K), providing a personalized lighting experience. Effortlessly switch from a cozy warm white for relaxing evenings to a stimulating cool white for productive mornings, adapting your environment to every moment of the day.

#### **\*\*Intuitive Interface and Elegant Design\*\***

The remote control features an ergonomic and modern design that fits comfortably in your hand. Its intuitive interface makes navigating and adjusting the lights easy. Clearly labeled and backlit buttons ensure quick and easy operation, even in the dark.

#### **\*\*Advanced Features\*\***

- **\*\*Precision Dimmer:\*\*** Adjust the brightness of your lights with millimeter precision to create the perfect atmosphere.
- **\*\*Preset Modes:\*\*** Access pre-programmed lighting settings for different activities such as reading, home cinema, romantic dinners, and more.
- **\*\*Preference Memory:\*\*** Save your favorite lighting settings for quick access at any time.
- **\*\*Extended Control Range:\*\*** With an effective range of up to 30 meters, you can control your lights from anywhere in the room or even from another room.

#### **\*\*Compatibility and Easy Installation\*\***

The CCT Remote Control for 4 Zones is compatible with a wide range of LED lighting systems and is incredibly easy to set up. Installation requires no advanced technical knowledge, and within minutes, you'll have complete control over your lighting.

#### **\*\*Energy Efficiency and Sustainability\*\***

Precisely controlling your lights not only enhances comfort but also contributes to energy efficiency. By adjusting the brightness and color temperature to your needs, you reduce energy consumption and extend the lifespan of your LED bulbs, making this remote control an eco-friendly and economical option.

#### **\*\*Conclusion\*\***

The CCT Remote Control for 4 Zones is not just an accessory; it's an investment in comfort, efficiency, and style. Transform your home or workspace into an oasis of personalized lighting that adapts to every mood and activity. Experience the power of total control over your environment with this innovative and elegant device. Order today and take your lighting to the next level!
