#### Product short description:

**Transform your STELLAR strip light into an elegant hanging linear lamp with this suspension kit.** Adjustable up to 1.5 meters, it offers an innovative solution for creating versatile and attractive environments in your commercial spaces. Take your lighting to the next level and redefine your surroundings with style and functionality.

#### Product description:

Suspension kit for linear LED lamp - STELLAR - 1.5m

The suspension kit for the STELLAR linear lamp. Designed to transform your STELLAR LED fixture into a sophisticated hanging linear lamp, this kit offers unparalleled versatility, allowing you to adjust the height of the fixture up to 1.5 meters. Whether you are looking to highlight specific areas in your commercial space or simply want to add a modern and refined touch, this kit is the essential tool to take your lighting to the next level.

- **Flexible Height Adjustment:** With the ability to adjust the height up to 1.5 meters, this suspension kit allows you to customize the arrangement of your lighting according to the specific needs of your space. You can create an intimate and cozy atmosphere with lower lighting or a sense of spaciousness and modernity with higher lighting.
- **Aesthetic Transformation:** By converting your STELLAR fixture into a hanging linear lamp, this kit not only enhances the functionality of your lighting but also transforms the aesthetics of any space. The suspended installation adds a contemporary and sophisticated touch, ideal for environments seeking a clean and elegant design.
- **Easy Installation:** Designed with user convenience in mind, this kit includes all the necessary components for a simple and hassle-free installation. The structure of the kit allows for quick assembly, ensuring that you can enjoy your new hanging lighting in no time.
- **Durability and Quality:** Made of high-quality steel, this suspension kit is built to last. Its sturdy construction ensures that the lamp remains secure and stable, even at maximum heights.

#### Uses and Applications:

- Commercial Spaces
- Modern Offices
- Restaurants and Cafés
- Art Galleries and Museums
- Modern Homes

At FactorLED, we ensure that our products have guaranteed quality and provide all the necessary elements for distribution, import, or wholesale, including the technical specifications of each LED product.
