

## LED Wall Light for Indoor and Outdoor - 20W 3CCT - With PIR Motion Sensor - IP65

### Product code:

Reference: WL20W-CCT-91298

### Technical specifications:

REFERENCE: WLB-92138  
Rated Power : 20w  
Nominal Voltage: 220V-240V  
Colour: SELECTABLE COLOUR: 3000K-4000K-6000K  
Construction Material: Polycarbonate  
Beam Angle (°): 120°  
Certifications: CE, CMIM, RoHS  
IP : IP65-Outdoor  
Diode Life Expectancy (H): 35.000  
Dimensions (mm): 300x80x150 mm  
Frequency (Hz): 50/60Hz  
Temperature Range (°C): +40°C ~ -20°C  
On/Off Cycles: 100.000  
Energy Rating (2023 - UE-2019/2015): F  
Warranty Years: 3  
Range (m): 8 m.  
Units per masterbox: 10

### Product short description:

#### 20W LED Wall Light with PIR Sensor:

This wall light combines modern design and functionality, making it ideal for indoor and outdoor use. With **IP65 protection**, it is water- and dust-resistant, perfect for any weather. Its **3CCT technology** allows selecting between three color temperatures to suit the desired ambiance.

The **PIR sensor** detects motion and automatically activates the light, providing increased security and convenience. An efficient, versatile, and stylish solution to illuminate entrances, hallways, terraces, or any space requiring reliable lighting.

### Product description:

LED Wall Light for Indoor and Outdoor - 20W 3CCT - With PIR Motion Sensor - IP65

**20W LED Wall Light with PIR Sensor:** This modern and functional solution is designed for both indoor and outdoor use. The **3CCT technology** allows you to choose between three color temperatures (3000K, 4000K, 6000K), perfect for decorative or practical needs. Equipped with a **PIR motion sensor**, it automatically turns on the light when motion is detected, enhancing security and energy efficiency. With an **IP65 rating**, it is water and dust resistant, ideal for extreme weather conditions. Perfect for entrances, hallways, terraces, and more, its elegant design complements any architectural style.

#### Key Features

- **20W LED Power:** Efficient, energy-saving lighting.
- **3CCT:** Adjustable color temperature (warm, neutral, cool).
- **PIR Motion Sensor:** Detects presence and automatically activates the light.
- **IP65:** Weather-resistant for indoor and outdoor use.
- **Elegant Design:** Modern and versatile style.

#### Control Modes

1. **Rotary Switch Function:** Precise control of modes and sensor time.
2. **Left Switch:** Adjusts between Day Mode (active with light) and Night Mode (active only in darkness).
3. **Right Switch:** Sets sensor activation time from 10 seconds to 3 minutes.

Applications of LED Wall Light 20W 3CCT With PIR Motion Sensor - IP65

This PIR motion sensor LED wall light is a versatile option suitable for various settings:

#### Indoor:

- **Hallways and staircases:** Enhances safety and facilitates movement in passageways.
- **Entrances and foyers:** Provides functional and stylish lighting.
- **Bathrooms:** Offers automatic, hassle-free lighting without switches.

#### Outdoor:

- **Entrances and facades:** Provides automatic illumination for access areas, enhancing security.
- **Gardens and patios:** Enhances the aesthetics and functionality of outdoor spaces.
- **Garages and driveways:** Automatically lights up when detecting vehicles or people.

This LED wall light is the perfect choice for those seeking a reliable, efficient, and aesthetically pleasing lighting solution. Elevate your spaces and enjoy the convenience of smart, long-lasting illumination.

# Technical Datasheet

In Factorled we ensure that our products are guaranteed QUALITY and offer all the necessary elements for DISTRIBUTION, IMPORT OR WHOLESALE, including the technical data sheet of each LED product.
