LED Strip 24V RGB+CCT | 216 LEDs/m | 10 meters | SMD3535+2835 | 20W/m | IP20

Product code:

Reference: SP216D-RGBCCT- 91353

Technical specifications:

REFERENCE: SP216D-RGBCCT- 91353
Rated Power : 20w
Nominal Voltage: 24V DC
Colour: RGB+CCT
CRI - Chromatic Rendiment Index: 80
Construction Material: PCB
Number & Type of LEDs: SMD3535 RGB + 2835 CCT
Beam Angle (º): 120º
Dimmable: YES
Certifications: CE, CMIM, RoHS
IP : IP20
Diode Life Expectancy (H): 100.000
Dimensions (mm): 5m. x 8mm
Frequency (Hz): 50/60Hz
Temperature Range (ºC): -20°C ~ +55°C
On/Off Cycles: 100.000
Other Information: Cut: 5cm
Energy Rating (2021-UE-2019/2015): A+
Energy Rating (2023 - UE-2019/2015): F
Warranty Years: 5

Product short description:

Color and versatility in one strip!
Discover the **RGB+CCT LED Strip 24V**, 12mm wide, featuring dual diode technology: **RGB 3535** for dynamic multicolor effects and **CCT 2835** to fine-tune white light temperature. The **10-meter roll** allows broad coverage with a single installation. Perfect for decorative, commercial, or residential projects demanding **full control of color and light tone**.

Product description:

LED Strip 24V RGB+CCT | 216 LEDs/m | 10m | SMD3535+2835 | 20W/m | IP20

The 24V RGB+CCT LED strip is the ideal solution for those seeking versatility, customization, and high performance in one lighting system. Thanks to its dual LED technology — RGB 3535 for multicolor effects and CCT 2835 for adjustable white tones — you can create unique atmospheres with excellent color accuracy and efficiency.

 Key Advantages:

- **Dual RGB+CCT Technology**
  Switch from cozy ambient light to powerful white task lighting in one strip.

- **Seamless and Professional Look**
  High LED density ensures smooth, continuous light with no visible gaps or shadows.

- **10-Meter Roll**
  Covers large areas with fewer cuts or connections.

- **24V Power Supply**
  Better stability and lower voltage drop over longer runs.

- **12 mm Width**
  Compatible with most professional aluminum LED profiles.

???? Recommended Uses:

- Living rooms, bedrooms, chill-out zones.
- Retail, shopfronts, restaurants.
- Gaming, smart homes, AV projects.
- Professional installations with DMX or smart control.

At FactorLED we ensure that our products have a QUALITY guarantee and offer all the necessary elements for DISTRIBUTION, IMPORT or WHOLESALE, including the technical data sheet of each LED product.
