Light up your space with style and full control. This 80W decorative LED lamp combines modern design with CCT technology, allowing you to adjust the color temperature to suit any mood. Use the included remote to switch between warm, neutral, or cool light at the touch of a button. Elegance, power, and versatility in one luminaire!

Product description:

Decorative LED Lamp 80W – CCT – Remote Control

The **80 W decorative LED lamp with CCT technology and remote control** offers modern design, functionality, and energy efficiency in one product. Its elegant style fits living rooms, dining areas, bedrooms, offices, or commercial environments, providing customizable and high-performance lighting.

Thanks to **CCT (Correlated Color Temperature)**, you can switch between warm, neutral, or cool white light. The **remote control allows** you to adjust both the color and **light intensity**.

To pair: ensure the lamp is off. **Press and hold the "SETUP" button on the remote while turning the lamp on**. After a few seconds, the lamp is paired and ready to control.

 Key advantages:

1. 80 W power with energy savings.

2. Adjustable CCT for warm, neutral, or cool lighting.

3. Light intensity adjustable via remote.

4. Easy pairing with "SETUP".

5. Decorative, modern design.

6. Ideal for residential and commercial use.
