

Pack LED RGB Lamp 45W G53 DC12V + Recessed Housing for Pools | PAR56 | IP68

Product code:

Reference: PACK-8210RGB-580000

Technical specifications:

REFERENCE: PACK-POOL36W-RGB-RC-8212

Rated Power : 45w

Nominal Voltage: 12V DC

Colour: RGB (6x3W)

CRI - Chromatic Rendiment Index: 70

Construction Material: Steel + PMMA

Luminosity-Lm: 4000

Number & Type of LEDs: SMD 2835

Beam Angle (°): 120°

Luminous diodo LED (Lm/W): 140 Lm/W

Luminous Efficiency (Lm/W): 100 Lm/W

Certifications: CE - ROHS

IP : IP67-Outdoor

Dimensions (mm): Ø280xH175mm

Other Information: Wire 2M.

Cut-out Size (mm): Ø275mm

Energy Rating (2021-UE-2019/2015): A+

Energy Rating (2023 - UE-2019/2015): F

Warranty Years: 3

Product short description:

Light up your pool like never before! With the LED RGB Lamp Pack 45W PAR56 with 304 stainless steel body + Remote Control + PAR56 IP68 Housing, you'll have everything you need to create a unique and cozy atmosphere in your pool. Easy to install, with built-in RGB controller, color memory, 120° beam angle, and 2 m cable. Turn every swim into a unique experience with colors that match your style and create the perfect ambiance.

Product description:

Pack LED RGB Lamp 45W G53 DC12V + Recessed Housing for Pools | PAR56 | IP68

Transform your pool into a true spectacle of color and elegance with our complete lighting pack. Designed for maximum quality and durability, this kit includes a 45W RGB LED PAR56 lamp with 304 stainless steel body, IP68 waterproof housing, and remote control – everything you need to create a unique atmosphere during your moments of relaxation or fun.

Customizable RGB lighting

With its built-in controller and remote control, you can easily select from a wide range of colors and effects to adapt the lighting to your style and occasion. Its memory function saves the last chosen color so you can instantly enjoy your favorite ambiance.

Guaranteed quality and durability

Made from 304 stainless steel, this lamp ensures corrosion resistance and a long lifespan even under the toughest conditions. The PAR56 housing with IP68 certification guarantees safe, fully submersible installation, providing confidence and durability.

Power and versatility

With 45W power and a 120° beam angle, the lamp provides intense, uniform, and dimmable lighting, ideal for pools of different sizes. It also includes a 2 m cable for quick and easy installation.

⚠ WARNING: Do not connect your new underwater light to the wrong voltage – this may void the warranty and damage your electrical system. This light operates on DC12V and requires a minimum 60W power supply. Do not switch on the underwater lamp without being fully submerged in water – it is designed to work only when submerged.

The LED luminaire is IP68 rated, making it completely resistant to water and dust, and it can remain submerged for extended periods.

Advanced LED technology provides excellent illumination and up to 90% energy savings.

Uses and applications

- Swimming pools
- Jacuzzis
- Ponds
- Fountains
- Aquariums

Technical Datasheet

At FactorLED we ensure that our products have a **QUALITY** guarantee and offer all the necessary elements for **DISTRIBUTION, IMPORT or WHOLESALE**, including the technical data sheet for each LED product.
