

## Pack LED Lamp 45W G53 DC12V + Recessed Housing for Pools | PAR56 | IP68

### Product code:

Reference: PACK-8211-580000

#### Technical specifications:

REFERENCE: PACK-8211-580000

Rated Power : 45w

Nominal Voltage: 12V DC

Colour: 4000K-6000K

CRI - Chromatic Rendiment Index: 70

Construction Material: Steel + PMMA

Luminosity-Lm: 4000

Number & Type of LEDs: SMD 2835

Beam Angle (°): 120°

Luminous diodo LED (Lm/W): 140 Lm/W

Luminous Efficiency (Lm/W): 100 Lm/W

Certifications: CE - ROHS

IP : IP67-Outdoor

Dimensions (mm): Ø280xH175mm

Other Information: Wire 2M.

Cut-out Size (mm): Ø275mm

Energy Rating (2021-UE-2019/2015): A+

Energy Rating (2023 - UE-2019/2015): F

Warranty Years: 3

#### Product short description:

Verleihen Sie Ihrem Pool die beste Beleuchtung mit dem LED-Lampenpack 45W PAR56 aus Edelstahl 304 + Housing IP68. Erhältlich in 4000K Neutralweiß und 6000K Kaltweiß, bietet er einfache Installation, 120° Abstrahlwinkel und 2 m Kabel. Machen Sie jedes Bad zu einem einzigartigen Erlebnis mit einer Beleuchtung, die sich Ihrem Stil anpasst!

#### Product description:

Pack LED Lamp 45W G53 DC12V + Recessed Housing for Pools | PAR56 | IP68

Transform your pool into a true spectacle of color and elegance with our complete lighting pack. Designed to offer maximum quality and durability, this kit includes **45W PAR56 LED lamp with stainless steel 304 body** and a **submersible IP68 housing**, giving you everything you need to create a unique atmosphere for your moments of relaxation or fun.

#### Quality and guaranteed durability

Made of stainless steel 304, this lamp ensures corrosion resistance and a long lifespan, even under the most demanding conditions. The PAR56 housing with IP68 certification guarantees a safe and fully submersible installation, providing confidence and durability.

#### Power and versatility

With 45W of power and a 120° beam angle, the lamp provides intense, uniform, and dimmable lighting, perfect for pools of various sizes. It also includes a 2-meter cable for quick and practical installation.

**⚠ Warning:** Do not connect your new underwater light to the wrong voltage, as this may void the warranty and damage your electrical system. This light operates at DC12V and requires a minimum power supply of 60W. Never turn on the underwater lamp outside the water - it is designed to work only when submerged.

The LED fixture is IP68 rated, making it completely resistant to water and dust, and suitable for prolonged immersion.

**Advanced LED technology** provides excellent lighting and up to 90% energy savings.

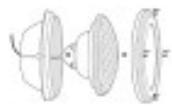

#### Applications:

- Swimming pools
- Jacuzzi
- Ponds
- Fountains
- Aquariums

At FactorLED we ensure that our products have a **QUALITY** guarantee and offer all the necessary elements for **DISTRIBUTION, IMPORT or WHOLESALE**, including the technical data sheet for each LED product.
