### Product description:

LED Wall Light 2.5W Adjustable | Reading Light | USB Port Modern and natural lighting for any space

The 2.5W 4000K adjustable LED wall light is the ideal solution for those seeking practical, comfortable, and modern lighting in their relaxation spaces. Specially designed as a reading light for bedrooms, living rooms, or lounge areas, it combines the efficiency of LED technology with an elegant and functional design.

Made of high-quality aluminum, this wall light offers durability and a minimalist style that adapts to any environment, from modern décor to more classic interiors. Its adjustable head allows you to direct the light exactly where needed, providing reading comfort without disturbing others in the room.

One of its standout features is the integrated USB port, designed for conveniently charging phones, tablets, e-readers, or other electronic devices. In addition, it includes an accessible switch that makes turning it on and off easy without getting up, adding extra comfort to everyday life.

#### Uses and applications:

- Bedrooms: as a bedside lamp for nighttime reading or additional lighting.
- Hotels and tourist apartments: adds extra functionality and convenience for guests.
- Living rooms or relaxation areas: perfect for creating a cozy reading corner.
- Home offices: provides focused lighting without taking up desk space.

This LED wall light not only illuminates but also adds value to your space, combining design, efficiency, and practicality in one product. Perfect for those who want a comfortable reading light and a modern solution that adapts to the pace of daily life.
