

## Mini Surface Aluminum Profile | For Ultra-Thin LED Strips | 2 Meters

### Product code:

Reference: FL6985

### Technical specifications:

REFERENCE: FL6985  
Construction Material: Aluminium+PC  
Certifications: CE, CMIM, RoHS  
Dimensions (mm): 2000x8x7mm

### Product short description:

The **Mini Surface Aluminum Profile 2 meters** is the ideal solution for installing ultra-thin LED strips up to 4.5 mm PCB. With a compact and elegant design, it provides **discreet and continuous lighting** thanks to its matte translucent diffuser, perfect for tight spaces or professional-grade projects. Includes **mounting clips and end caps**, ensuring an easy, clean, and high-quality installation.

### Product description:

Mini Surface Aluminum Profile | For Ultra-Thin LED Strips | 2 Meters

The **Mini Surface Aluminum Profile 2 meters** is the perfect solution for installing ultra-thin LED strips up to 4.5 mm PCB, offering a professional and elegant finish for any lighting project. Its compact and discreet design allows it to fit into tight spaces where a traditional profile would not be feasible, while ensuring **even light distribution** thanks to its matte translucent diffuser.

Made from high-quality materials, this profile provides **strength, durability, and easy installation**. It also includes **mounting clips and end caps**, ensuring a clean, safe, and professional installation. Its elegant finish allows the lighting to blend seamlessly into any environment, enhancing the aesthetics of modern interiors, offices, shops, or residential spaces.

### Uses and Applications

- Decorative lighting in furniture such as shelves, display cabinets, or cupboards
- Ceiling and wall lighting, providing elegant indirect light
- Integration in offices, workspaces, or commercial areas where minimalistic design is important
- Modern residential lighting projects, such as living rooms, kitchens, or bedrooms
- Installation in shop windows, counters, or exhibitions to highlight products with uniform light
- Ideal for DIY or professional projects requiring a clean and sophisticated finish

The **Mini Surface Aluminum Profile** combines aesthetics, functionality, and practicality. It is perfect for those looking to maximize LED lighting in tight spaces, providing a secure installation and professional finish. Its combination of compact design, matte diffuser, and included accessories makes it **a complete and reliable solution** for any ultra-thin LED lighting project.
