

## LED Pendant or Surface Lamp 40W - 44W - 48W | MOON LIGHT | CCT

### Product code:

Reference: FL2403

### Technical specifications:

REFERENCE: FL2403  
Rated Power : 48W  
Nominal Voltage: 220-240 V AC  
Colour: 3CCT Select: 3000K / 4000K / 6000K  
CRI - Chromatic Rendiment Index: 85  
Beam Angle (°): 120°  
Certifications: CE - ROHS  
IP : IP40  
Warranty Years: 3  
Main colour: White

### Product short description:

Discover the MOON LIGHT LED lamp, the perfect combination of functionality and design. With pendant or surface option Ø583mm, easily adjust the power (40W/44W/48W) and 3CCT light temperature (3000K/4000K/6000K) to suit your environment. Its matte white finish and minimalist style add a modern and sophisticated touch to any space, while the night light option creates a cozy atmosphere. Suspended with elegant adjustable steel cables from 0.5 to 1.2 meters, it adapts to any desired height. Ideal for those seeking design, versatility, and lighting comfort in a single product.

### Product description:

LED Pendant or Surface Lamp 40W - 44W - 48W | MOON LIGHT | CCT

The MOON LIGHT circular LED pendant lamp combines modern design, functionality, and energy efficiency in a single product. With a Super Slim profile of just 22 mm height and a wide 120° beam angle, it provides powerful and uniform general lighting without annoying glare, ideal for all types of indoor spaces. Its integrated driver and high-brightness LEDs ensure quality light, with a lifespan of over 30,000 hours and resistance to over 100,000 on/off cycles, guaranteeing durability and energy savings.

#### Adjustable power and personalized light

Thanks to the integrated micro switch, you can select the power that best suits each space: 40W, 44W, or 48W. It also offers three CCT color temperature options: warm light (3000K), neutral light (4000K), and cool light (6000K), allowing lighting to be adapted to any environment and need. Perfect for both cozy spaces and areas requiring bright, clear light.

#### Night light function

The MOON LIGHT includes a convenient night light function, easily activated via the switch. One press turns on the main light, two consecutive presses activate the night light, and three presses combine main + night light. This optional function creates a warm and relaxing atmosphere, ideal for bedrooms, living rooms, or hallways, and remembers the last selected option thanks to its memory function.

#### Suspended installation with steel cables

The included suspension kit allows the lamp to be hung from the ceiling at an adjustable height between 0.5 and 1.2 meters. The steel cables and canopy provide safety and elegance, making the lamp both decorative and functional. Installation is quick and easy, with no constant maintenance required.

#### Efficiency, durability, and safety

The LED fixture offers significant energy savings and high-quality lighting, with a wide 120° beam angle ensuring uniform illumination throughout the room. With IP40 protection, it is designed for indoor use and provides safety and reliability for any installation.

#### Versatile applications

The MOON LIGHT LED pendant lamp is ideal for a wide variety of uses:

- Home: bathrooms, kitchens, hallways, living rooms
- Business spaces: offices, halls, corporate restrooms
- Commercial: stores, shopping centers, small shops

Its minimalist and elegant design, combined with the ability to adjust light and power, makes it the perfect choice for those seeking functionality, style, and lighting comfort in a single product.
