

Suspended linear LED lamp 20W | POLARIS | Linear Interconnection | 3CCT | 60cm

Product code:

Reference: LN20W-3CCT-91431

Technical specifications:

REFERENCE: LN40W-3CCT-92087
Rated Power : 20w
Nominal Voltage: 85-265V
CRI - Chromatic Rendiment Index: 80
Construction Material: Aluminium+PC
Luminosity-Lm: 2000
Beam Angle (°): 110°
Luminous diodo LED (Lm/W): 140 Lm/W
Luminous Efficiency (Lm/W): 100 Lm/W
Certifications: CE, CMIM, RoHS
IP : IP20
Diode Life Expectancy (H): 50.000
Dimensions (mm): 1212 x 55 x 75mm
Power Factor (PF): 0.9
Frequency (Hz): 50/60Hz
Temperature Range (°C): -20°C ~ +55°C
On/Off Cycles: 100.000
Starting Time (s): 0,2s
Other Information: Max 25pcs each
Driver included: Driver Lifud - NO FLICK
Energy Rating (2021-UE-2019/2015): A+
Warranty Years: 3
Main colour: Black
Units per masterbox: 4

Product short description:

POLARIS 60CM 20W Linear LED Pendant Lamp - CCT Selectable light temperature - the ideal solution for elegant and efficient lighting. Its innovative **interconnectable** design allows you to connect multiple lamps **in line** without the need for additional accessories, giving you a flexible and hassle-free installation.

Includes everything needed for **suspended or surface mounting**. **The ends of the strip allow for continuous light transmission**, creating a sophisticated visual effect. Perfect for modern and professional spaces that require high-impact lighting with ease of installation.

Product description:

Lámpara lineal LED colgante 20W | POLARIS NEGRO | Interconexión lineal | 3CCT | 60cm

Transform your spaces with the **POLARIS 60CM 20W LED Linear Pendant Lamp**, the ultimate solution for elegant, efficient, and versatile lighting. Designed to meet the most demanding needs of modern and professional environments, this lamp not only provides high-impact lighting but also facilitates quick and hassle-free installation.

Main Features of the POLARIS White Linear Pendant Lamp:

- **CCT Selectable Color Temperature:** Adjust the light temperature according to your needs with options of 3000K, 4500K, and 6000K. From warm, cozy light to cool, clear light, the POLARIS allows you to create the perfect ambiance for any occasion or space.
- **Continuous Interconnectable Linear Design:** The POLARIS lamp features an innovative design that allows multiple units to be connected in a continuous line without the need for additional accessories. This interconnectable functionality allows for custom configurations according to your specific lighting needs. The ends of each strip fit perfectly, providing a smooth, continuous transition between lamps.
- **Interconnection Without Additional Accessories:** Thanks to its innovative design, the strips connect to each other without requiring additional accessories. This feature not only simplifies installation but also ensures a clean, modern appearance with no visible wires or connectors, keeping the focus on the lighting.
- **Continuous Visual Effect:** The ends of the strip are designed to allow continuous light flow, creating a sophisticated and uniform visual effect. This feature not only improves the aesthetics of the environment but also provides uninterrupted light distribution, ideal for spaces that require smooth and even lighting.
- **Lifud No Flick Driver:** To ensure the highest quality lighting experience, the POLARIS Linear Pendant Lamp incorporates a Lifud No Flick driver that eliminates any flickering. This protects the eyes and ensures consistent and long-lasting performance of the luminaire.
- **High-Impact Lighting:** With 20W of power, the lamp offers intense and efficient illumination, capable of transforming any space with high visual impact. Its ability to deliver bright and well-distributed light makes it ideal for environments that require strong, high-quality lighting.

Uses and Applications of the POLARIS White Linear Pendant Lamp:

- **Modern and Professional Environments:** Perfect for modern offices, conference rooms, and other professional spaces that require elegant and efficient lighting. Its sophisticated design complements any interior style, while its interconnectable functionality allows for customized configurations.
- **Commercial Spaces:** Ideal for stores, boutiques, and showrooms, where high-impact lighting can enhance product presentation and improve customer experience. Continuous and uniform light helps create an attractive and professional atmosphere.

Technical Datasheet

- **Exhibition Areas:** In museums, art galleries, and exhibitions, the POLARIS provides lighting that highlights works or products without creating shadows or interruptions. The continuous visual effect is particularly valuable in these environments to ensure attention is focused on the displays.
- **Residential Applications:** Also an excellent choice for modern homes seeking high-quality lighting in living rooms, dining rooms, and kitchens. Its versatile installation and elegant design make it a valuable addition to any residential space.

Get the POLARIS 20W 60cm LED Linear Pendant Light and enjoy a lighting solution that combines style, efficiency, and ease of installation!
