

## 3W, 3h emergency light kit Plug & Play for COREPLUS EVO waterproof fixture

### Product code:

Reference: 91467

### Technical specifications:

### Product short description:

Increase the safety of your facilities with this **Emergency Kit for LED Screens**, which guarantees automatic lighting in the event of a power outage. With **3W of power** and up to **3 hours of autonomy**, it offers a reliable, efficient solution with no additional installation required.

### IMPORTANT:

THIS KIT IS ONLY COMPATIBLE WITH THE **COREPLUS EVO** WATERPROOF FIXTURE IN 120CM AND 150CM.  
IT IS NOT COMPATIBLE WITH THE **COREPLUS EVO** WATERPROOF FIXTURE IN 60CM.

### Product description:

3W, 3h Plug & Play Emergency Light Kit

The **LED Screen Emergency Kit** is the perfect solution for ensuring lighting continuity and safety in any environment. In the event of a power outage, it automatically activates the luminaire, providing **3W of power** for up to **3 hours of autonomy**, providing sufficient light for evacuations or essential tasks.

Its battery is **replaceable**, ensuring a long service life and consistent performance over time. Furthermore, as it is a **Plug & Play** system, it requires no wiring or additional external devices, making it easy to install in any compatible luminaire.

□ Main advantages of the 3W Emergency Light KIT Plug & Play:

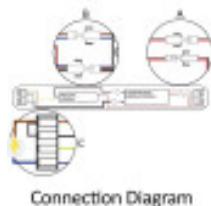

- Automatic activation during power outages.
- 3W emergency power with up to 3 hours of autonomy.
- Replaceable battery for longer lifespan.
- Quick and easy installation with no additional equipment.
- Increases safety in critical environments.

□ Recommended uses of the 3W Emergency Light KIT Plug & Play:

Hallways, parking areas, warehouses, exterior access points, workshops, or zones where constant lighting is not required.
