

PACK 5 Clips - 20 mm - for LED strip IP65

Product code:

Reference: 4476-PACK5

Technical specifications:

REFERENCE: 4476

Construction Material: Thermoplastic

Certifications: CE - ROHS

IP : IP65-Outdoor

Dimensions (mm): 7*13mm

Frequency (Hz): 50/60Hz

Warranty Years: 3

Product short description:

The fastening clips for LED strips, the perfect solution for a flawless LED installation! Made with high-quality thermoplastic, these fastening clips are designed to provide you with a unique and professional experience. The translucent design of these clips is a true gem, as it allows the light from the LED strips to shine evenly and without obstacles.

Product description:

PACK 5 Clips - 20 mm - for LED strip IP65

The translucent design of these clips is a true gem, as it allows the light from the LED strips to shine evenly and without obstacles. Forget about concerns regarding light obstruction or unwanted effects. These clips have been carefully designed to maximize aesthetics and make your LED installation look more professional than ever before.

Their thermoplastic construction ensures exceptional durability and long-term resistance. No matter the environment or conditions, these clips are built to last. Additionally, their ergonomic design and easy installation make it a quick and simple process to secure the LED strips in place.

Whether you're performing an installation in your home, office, or any other location, these clips for LED strip fixation are the essential accessory you've been searching for. They provide a reliable and aesthetic solution to keep your LED strips in the right position, preventing unwanted falls or movements.

With these thermoplastic clips for LED strip fixation, you can achieve a professional and high-quality LED installation. Ensure that you stand out in your projects with these clips that combine functionality, durability, and style. Let your LED strips shine with their full splendor and transform any space into a true lighting spectacle!

At FactorLED, we guarantee that our products are of high quality and provide all the necessary elements for DISTRIBUTION, IMPORTATION, or WHOLESALE sales, including the technical specifications of each LED product.
